

V Series Super Silent Power Air Pumps

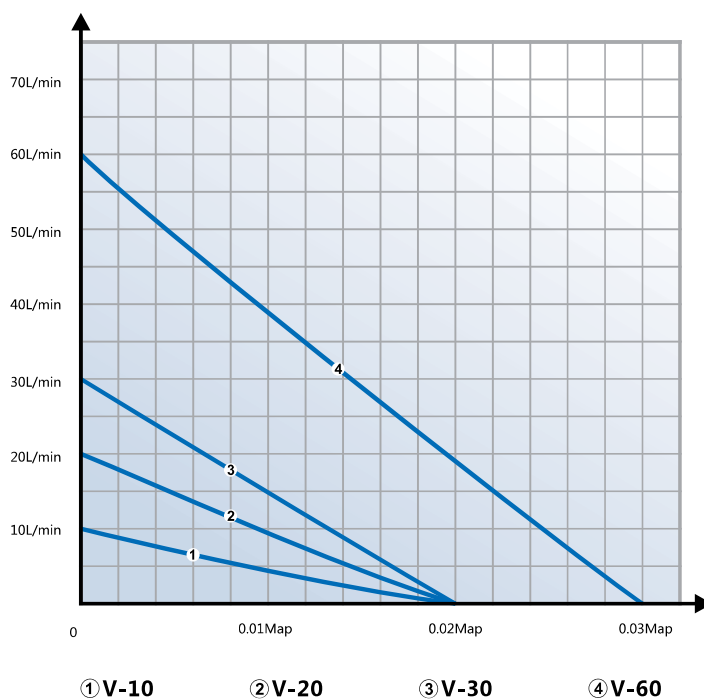

Product description

The features of V series super silent power air pump: Adopts high quality aluminum alloy to make its case. It adopts double damping system and noise-absorbing system. It is highly efficient, energy saving, low in noise and safe. Double air chamber structure to produce large quantity of air and strong air pressure. It can work steadily and continuously.

Performance Curve

Specifications

Model	Voltage	Frequency	Power	Pressure	Noise	Output	Weight	Size
V-10	110-120V / 220-240V	60Hz / 50Hz	10W	> 0.02Mpa	< 35dB	10L/min	1.3kg	129×122×101mm
V-20			15W	> 0.02Mpa	< 40dB	20L/min	2.5kg	230×185×180mm
V-30			25W	> 0.02Mpa	< 40dB	30L/min	3.5kg	245×202×205mm
V-60			35W	> 0.03Mpa	< 45dB	60L/min	5.6kg	270×242×210mm
